

ORTHOPEDIC FOUNDATION FOR ANIMALS, INC.

MISS PETUNIA IN AMY'S GARDEN OF CAVALIERS
registered name

CAVALIER KING CHARLES SPANIEL
breed

film/test/lab #

933000320333987
tattoo/microchip/DNA profile

2365057
application number

05/27/2022
date of report

RESULTS:

Normal cardiovascular examination via auscultation - No evidence of congenital or acquired heart disease was noted. Since acquired heart disease may develop later, these evaluation results remain valid for one year, and annual examinations are recommended to continue to monitor cardiac health.

Canine Genetic Health Certificate™

Call Name: Petunia
Registered Name: Miss Petunia of Amy's Garden of Cavaliers
Breed: Cavalier King Charles Spaniel
Sex: Female
DOB: April 2020

Laboratory #: 392679
Registration #: TS50868503
Microchip #: 9330003203333987
Certificate Date: April 4, 2024

This canine's DNA showed the following genotype(s):

Disease	Gene	Genotype	Interpretation
Degenerative Myelopathy (Common Variant)	<i>SOD1</i>	WT/WT	Normal (Clear)
Dry Eye Curly Coat Syndrome	<i>FAM83H</i>	WT/WT	Normal (Clear)
Episodic Falling Syndrome	<i>BCAN</i>	WT/WT	Normal (Clear)

WT, wild type (normal); M, mutant; Y, Y chromosome (male)

Paw Print Genetics® performed the testing on the dog listed on this certificate. See the Laboratory Report for interpretation and recommendations based on these findings. The genes/diseases reported here were selected by the client. Normal results do not exclude inherited mutations not tested in these or other genes that may cause medical problems or may be passed on to offspring. The results included in this report relate only to the items tested using the sample provided. These tests were developed and their performance determined by Paw Print Genetics. This laboratory has established and verified the test(s)' accuracy and precision with >99.9% sensitivity and specificity. The presence of mosaicism may not be detected by this test. Non-paternity may lead to unexpected results. This is not a breed identification test. Because all tests performed are DNA-based, rare genomic variations may interfere with the performance of some tests producing false results. If you think these results are in error, please contact the laboratory immediately for further evaluation. In the event of a valid dispute of results claim, Paw Print Genetics will do its best to resolve such a claim to the customer's satisfaction. If no resolution is possible after investigation by Paw Print Genetics with the cooperation of the customer, the extent of the customer's sole remedy is a refund of the fee paid. In no event shall Paw Print Genetics be liable for indirect, consequential or incidental damages of any kind. Any claim must be asserted within 60 days of the report of the test results. Genetic counseling is available at Paw Print Genetics.
